

Service Notes – CT series props

Volvo recommends using hex bolt to attach prop.

CT600

Remove 6mm stud from end of prop shaft

Use 6mm x 1 pitch x 25mm Stainless Steel hex head bolt to attach prop.

Use BLUE Loctite threadlocker on the threads.

CT900

Remove 8mm stud from end of prop shaft

Use 8mm x 1.25 pitch x 25mm hex head Stainless Steel hex head bolt to attach prop.

Use BLUE Loctite threadlocker on the threads.
